UPLOAD 10

IMPORTANT

❖ On the User Manuals, the UPLOAD 10 may be referred to as "USB to DMX adapter cable"

❖ On occasion, updates to product firmware will be made available. Upload 10 updates products with an item code and serial number starting with "10". The following is the procedure for obtaining and installing these updates. Locate the specifications sticker on the product or the user manual to confirm the Item Code.

Product Name	Item Name	Item Code	UPC Number
COLORdash Par-H12XIP	COLORDASHPARH12XIP	10031871	781462222192

Before you begin:

1. Download the latest firmware here: https://github.com/Chauvet-pro
2. Save the firmware file in the root directory of an empty flash drive that is under 16 GB.
3. Review your owner's manual for specific instructions in the "System Update" section.

Procedure:

1. Plug the USB stick on the USB side of the cable.
2. Take the DMX side of the cable and plug it into the DMX IN port on the product.
3. Go to the product menu scroll down to update or upgrade and press "Enter"
4. Follow the instructions on the display.
5. When the update is complete, you can remove the UPLOAD 10.
